### **Tips and Tricks**

1. Pay close attention to your opponent's cards and play certain cards to block them from making moves.
2. Make as many combos as you can, this will multiply your ante after the match.
3. Practice in Quick Spit mode to better understand the game without losing bets.
4. Playing with jokers can have its advantages as it is a wild card and any card can be placed on it.
5. Try and leave your opponent with multiple cards in their hand after a match, it will multiply your ante.
